

Getting Started with iakkr

A short guide for consultants and business owners.

For consultants

- ☐ Sign up and choose "Consultant" as your account type
- ☐ From your dashboard, click "New business" to add a client and assign their industry
- ☐ Build a checklist template for that industry under "Checklist templates," or reuse an existing one
- ☐ Run an assessment against the business to generate a score
- ☐ Publish articles under "Content library" to share playbooks with your clients
- ☐ Link a client's account to their business once they sign up, so they can see their own results

For business owners

- ☐ Sign up and choose "Business owner" as your account type
- ☐ Ask your consultant to link your account to your business
- ☐ From your dashboard, view your engagement status and your consultant's notes
- ☐ Review your assessment history and scores over time
- ☐ Browse content published for your industry under "Content library"
